About Futuris

We are a Latin American sustainability consulting company, with operations in Costa Rica, Colombia and Paraguay, that offers expert, close and individualized support to our clients at a regional level.

We advise organizations from various economic sectors on the management of environmental, social and corporate governance risks and impacts derived from their operations. In addition, we accompany them in the identification and capitalization of business opportunities that generate value for their various stakeholders.

Some of our clients

1. Soil and groundwater sampling, Phase II

evaluation: Aeris Holding, Arcelor Mittal, CEMEX, Servicentro el Higueron, Repuestos la Bomba, Gasotica, Servicentro la Trinidad, Argos, Servicentro Costa Caribeños S.A., Estacion de Servicio Jimal, Servicentro Nicoya, PNUD, Petrodelta, Creganna Medical, Grupo Orosi, Instituto Costarricense de Electricidad (ICE), Junta Administrativa del Servicio Electrico de Cartago (JASEC), Refineria Costarricense de Petroleo (RECOPE).
